MEMORANDUM FOR: Warning Working Group Members

1. Attached is a first crack at "son of DCID 1/5." It is drawn from the present version, our internal recommendations to the DCI, and the House Committee report. I have also attached excerpts from the last.

2. Language dealing with the Strategic Warning Staff is bracketed to reflect the DCI's instruction to review its mission and functions. No mention is made of crisis management in accord with our decision to defer this question.

3. I would like to devote our next meeting (Friday, 13 October, at 1400 in 7F33) to discussion of this draft.

Richard Lehman  
National Intelligence Officer  
for Warning
